

Melody: I want her to be a hip princess. I would love colorful clothes with a style of her own. It would be cool if she could have color hair clips things as well. I will have a crown for her.

Rad: I would like him to be a bit more techy looking. Button up, shorts, and a bow tie would be cool.

Queen and King I would like them to be a bit more old fashioned. They need to have nice clothes. I will have a cap and crown for them.

Sorcerers and henchmen: Black pants with something purple.

Tangero (anyone in the tangero scene) They need to have a base as black with something red. (Red shoes, red bandana, ect) Tangey Error needs a purple bandana or something to show she is an undercover agent.

Ocean of Opera: Their base color will be brown with something orange.

Doo wop: I see them in skirts (Girls) with blue blouses. The boys I see with jeans and a tight white shirt with something blue.

Everyone else can pick a color scheme from the above (Except Sorcerer's colors).
